## Remember When ? ?

How many of you remember the good old days, some fifteen years ago, when friends gathered for miles around at the Woodman Hall in Jeanerette, at the Beach at Charenton, at The Oaks in New Iberia and other dance halls throughout the Teche Country which catered to wholesome entertainment.

How many of you remember those good old days when everybody knew everybody, when everybody danced with everybody, when an atmosphere of friendship and good fellowship prevailed at the dances, when everybody enjoyed themselves as one big happy family. This was the true tradition of the South.

Night clubs, through party style, creates cliques. Separate parties sometimes interfeers with others, causing friction and trouble—not a healthy condition, especially in a democratic nation and surely not an old Southern custom.

With the war fast drawing to a close, Harry's Club pledges its full measure of support to the movement of restoring the customs and traditions which have prevailed in the Evangeline Country and to make for our returning sons and daughters, a better and more friendly world..
